

Spring Summer  
2010

# The best time of the year is finally here!

Everybody agrees that when the sun shows its warm face and the days get longer it's time to spend more time together and thoroughly enjoy life.

Winter has finally ended and it's time for a makeover. This is especially true when it comes to your restaurant, bar, hotel or catering service. People are in a great mood and willing to spend a lot more on food and beverages outside their homes, so the more you can offer them the atmosphere they want, the more you will be rewarded.

At Duni, we don't only produce dining concepts and products that are both practical and of the highest quality – we design them with the intention of enhancing the dining experience and heightening your customers' enjoyment. And this is precisely what keeps them coming back. So welcome to Spring & Summer 2010. Welcome to Designing Atmosphere. With over 60 years of experience in this field, Duni can supply products for any type of dining experience; whether it's indoor or outdoor. We invite you to discover this year's napkins, placemats, tablecovers and candles and to have fun designing the atmosphere of your establishment or catering service.

**Many products now FSC approved**  
 Designing atmosphere is our passion – but not our only passion. We are also thoroughly committed to protecting the environment, so many of our tissue products are now FSC (Forest Stewardship Council) approved. In 2009, Duni became an FSC Mixed Sources certified company for our tissue products. The FSC assures that forests are managed in a way that meets the social, economic and ecological needs of present and future generations.
