

Professional  
2011

# Designing atmosphere has a name. Duni.

*At Duni, we love design because it's the art of making ideas come alive, to make going out to eat a perfect, memorable experience. This is designing atmosphere. Regardless of the event, we help you create the right atmosphere for any occasion. And we are making great advances in protecting the environment, too. Our new initiative 'Our Green Challenge' is intensifying these efforts immensely. At Duni, form, function and sustainability go hand in hand. Enjoy the 2011 collection!*

## True to our roots

Our goal since our founding more than 60 years ago has been to provide eating and drinking establishments with fascinating product and design concepts for any type of occasion. Naturally, our product ranges have expanded and evolved in tune with trends and people's tastes, but we have remained true to our roots by offering timeless elegance. An important part of Duni's environmental strategy is responsible forestry. We are an FSC (Forest Stewardship Council) Mixed Sources certified company to insure the origin of our tissue products. For more information on Duni Environmental and Social Responsibility, please visit: [Duni.com/responsibility](http://Duni.com/responsibility).

So let us inspire you with our Duni Professional Range 2011!

Your Duni Team.

# Highlights in 2011 New

Coming up with innovative ways to inspire you and fascinating ideas to make tables unforgettable is not only our passion, but also our duty. Every new concept has been carefully thought out to add both flair and practicality to your table. We hope you enjoy our latest innovations!

[Duni.com](http://Duni.com)

## Elegance Lily – Outstanding new colours!

Elegance Lily now comes in 3 new highly combinable colours: Mango, Coral pink and Dune. Look forward to matching Elegance Lily with even more styles now.  
**Page 64**

## Bring on the Fresh Air!

If you serve food and beverages outdoors or plan for an event outside, you'll find the perfect choices with our round Paper Placemat and matching 24 cm napkin with Flower dots in Spring Summer part.

**Page 57**

## FSC-certified range

Responsible forestry is a top priority for Duni. That's why our napkin and tablecover range for 2011 is certified for FSC (Forest Stewardship Council) Mixed Sources. Let your customers set the table with FSC-certified products.

## Food just got exciting

Duni Amuse-bouche® is excellent for whatever you're serving. With a truly eye-catching design and superb transparency, it is the natural choice for high-end caterers who want to serve their delicacies as artistic, single bite creations.

**Pages 124–125**

Duni's Head of Food Container Design, Thomas Thomsen

## Dunisilk®+ with Zala Structure

Dunisilk®+ is pure luxury and now has a new linen like structure: Zala. It can be used again and again thanks to its sturdy composition and water-resistant surface coating that can be wiped clean.

**Pages 89, 94**

**ecoecho™**

*Meeting today's challenges with tomorrow's solutions.*

In our Duni ecoecho™ range for serving and meal solutions products, we use the best materials available with the goal of limiting the use of non-renewable resources to reduce our CO<sub>2</sub> footprint: innovative materials that have one or more sustainable feature such as being renewable, recycled or compostable. **Pages 120–123**

**Cutlery Libra**

## Practical meets stylish

Our Eating and Drinking Range now includes Cutlery Libra. This new addition to our cutlery range is very elegant, sturdy and practical. **Page 134**

# Exciting new colours!

As you can expect, we never stop coming up with ways to inspire you. This is especially true this season with these great new colour additions to the Duni palette.

*“It’s the little details on the table that make the ambiance magical.”*

Lena Björck  
 Inn or Out, London, the UK  
 Member of the Duni Advisory Board

## Dunicel® Placemats Riga round

Nothing peeps up a table more than the new Dunicel® Placemats Riga round – a friendly shape and happy colours to protect and enhance your table at the same time! **Page 102**

## Bring on the night

Our ideas for great new candles really never end. Your customers will love these warm, soothing delights on the table.

**Pages 106–115**

## The slim look

Introducing Duni Sacchetto® Slim. Proven Duni Sacchetto® convenience just got even more convenient.

**Page 74**

## What a view!

Give your display window new life with our new black doilies. Enhance the look of your cake thanks to black contrast. Available as round or rectangular in different sizes.

**Page 137**

## Wrap it up!

Duni FoodSolutions is our high quality packaging solutions division for the food service industry: unique sealable and non-sealable food packaging solutions that add significant value to your operation.

## Have it your way

Customised products like Sacchetto, Duni Napkins and other products add value to your brand and greatly increase awareness.

## 1| Simplify your Life

We look for simplicity in our everyday lives. We look for simple, functional and easy-to-use solutions as we search for warmth and security. Nature is still the main source of inspiration for shapes. We offer warm, earthy tones in combination with white, greys and black.

## 2| Reinvent your Life

A mix of seeming opposites: classical and modern. Traditional and timeless. Future and past. Recycling and re-using are important trends, but so, too, are cherishing your historical family ties and traditions. Prints are with flowers and multicolour stripes. The colour palette is a wealth of cheerful, fresh, uncomplicated and subtle colours.

Karin Nyhuis, Duni Head of Design

# Get the look with our new Style groups

*At Duni, we begin work on each collection well in advance, looking for inspiration at trade fairs, in magazines, trend studies, and doing store-checks. Our Head of Design, Karin Nyhuis says, "It's essentially a matter of keeping your eyes open."*

### 3| Globalise your Life

Global Life products are unique and have an authentic handmade character. Influences from all over the world are mixed and matched and have become a part of our daily life. The colours are warm and intense: browns, terra, saffron, olive green and other deep tones. Petrol, night blue and navy blue make a strong trio. Global Life prints include patchwork, jacquard, and ethno, as well as African and Asian motifs.

### 4| Live your Life

This world is vibrant and fresh. Colour is back and making an important statement. For the most part, primary colours like yellow, red and blue combined with orange, bright pink, flash green and bright purple-blue are used. Prints are geometric with pictorial designs, as well as pixels and patchworks. Fun, artificial materials are at home here, too. Life is for living.

# Simplify your Life

Escape to where you can be yourself. A table is the best reflection of how you feel. Get back to the basics.

## Chic and easy

The Dunilin® Linen Jade Napkin matches your “less is more” attitude perfectly.

## We recommend

Try an “herbal corral.” It can hold snacks, oil, flowers, rosemary, thyme or basil!

Not in the Duni range.

**For the perfect atmosphere**  
 Easy to settle the Tête-à-Tête Linen Jade Tablecover adds incredible sophistication to the table and makes guests feel special.

**Uni colours**  
 Jade, Mango, Dune and Café.

**Time to relax**  
 The Candle Glass Bolzano now comes in the colour "Dune" – the colour of the desert.

# Reinvent your Life

The Reinvent your Life Collection is playful and feminine. It's also full of contrasts. The colours are natural, warm and soothing – with lots of White. This is a table that smiles back at you.

## The Zen Art of Folding

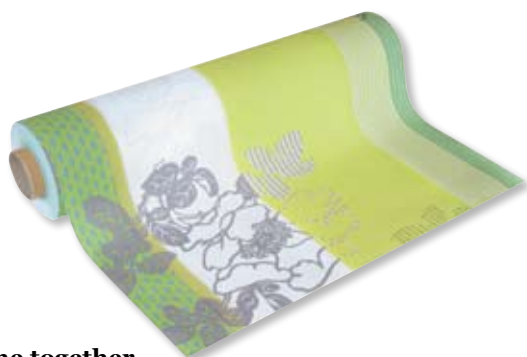

Just roll and tie with a slender Dark green ribbon – the Zen Napkins will give your table an extraordinary effect.

## We recommend

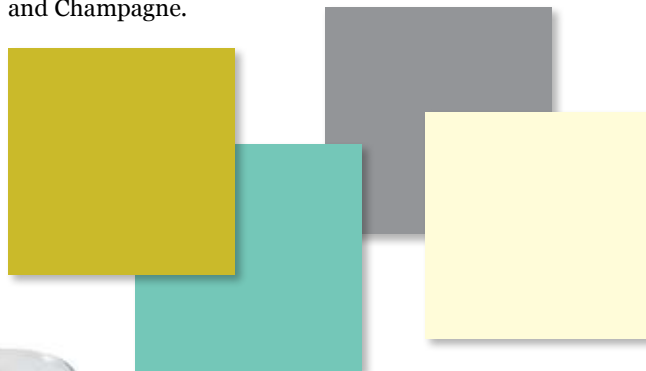

White and green, the soothing colours of nature, fit well into this concept. Try ornamental grasses or ferns, together with tableware in articulate shapes.

Not in the Duni range

**Come together**  
 Create bonds: The Zen  
 Tête-à-Tête looks great on a  
 white or light-coloured table.

**Uni colours**  
 Kiwi, Jade, Granite grey  
 and Champagne.

**Bright & beautiful**  
 Give that extra touch of atmosphere:  
 White candles in the decorative  
 Bolzano Candle Glass.

# Globalise your Life

This collection is for people who've had a taste of all four corners of the earth. The tones are as deep as your appetite for the exotic.

## Stylishness knows no limits

If your goal is to spoil your guests with complete elegance, then start with the Tête-à-Tête Mauri Grey.

## We recommend

A striking blue decorative plant in an earthy clay pot will definitely make a splash.

Not in the Duni range.

**A winning combination**  
 Combine the Mauri Grey with Pacific blue Napkin and heads will turn. These two napkins were made for each other.

**When cosy is your goal**  
 These Flat Top Pillar Candles with excellent burning properties are now available in Granite grey. Add sophistication to your table!

**Uni colours**  
 Jade, Granite grey  
 Pacific blue and  
 Terracotta.

# Live your Life

The day is one surprise after another. Your world is vibrant and fresh. The Live your Life Collection prefers to paint life in broad strokes. The unifying theme: life is for living.

## **Tent Folding**

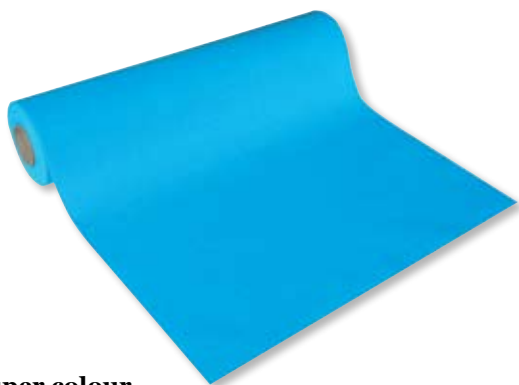

Orange on a Pacific blue background. This napkin folding is so easy and looks great every time.

## **We recommend**

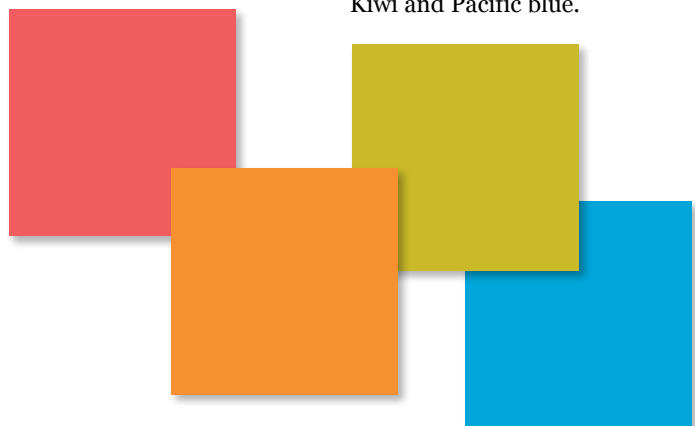

Try a cute white vase with simple flowers, and lean the menu against it!

Not in the Duni range.

**Super colour**

Make a bold statement with our Tête-à-Tête in Pacific blue. It has a fresh feel to it and combines well with other Duni colours.

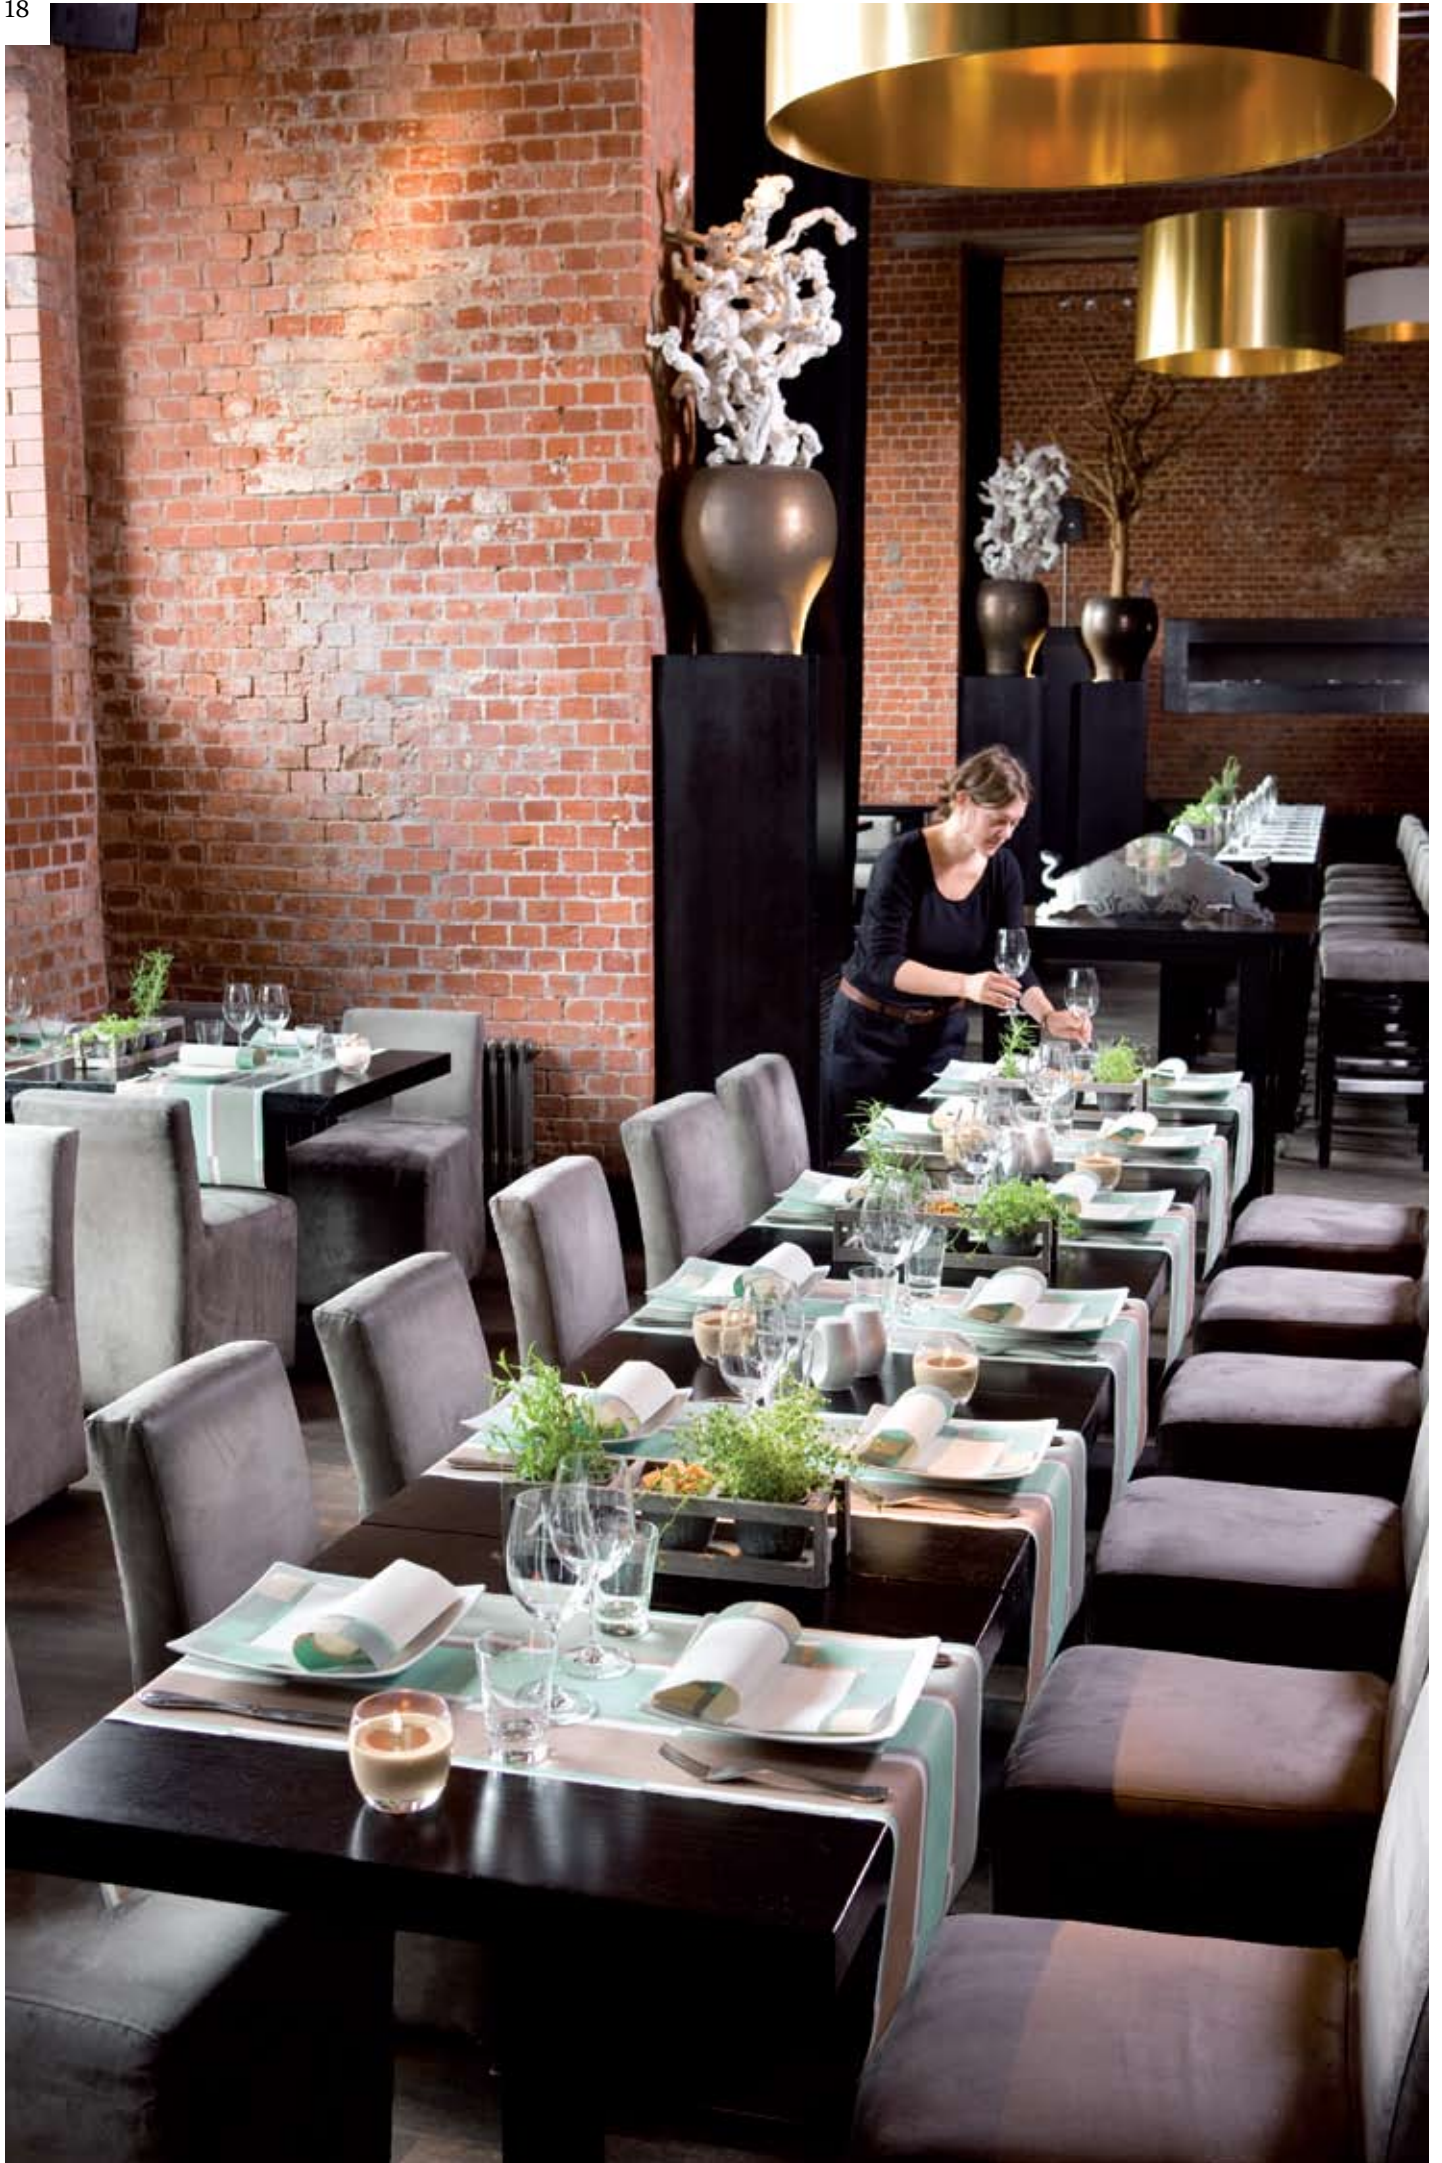

**Uni colours**

Coral pink, Orange, Kiwi and Pacific blue.

**Piccolo glow**

The new Candle Glass Piccolo is definitely the perfect finish.

# Spring Summer Season

*These products are only available from January to August.*

Is winter really over? Yes, it is! It's time to open the windows and let the sun in. This year, in our Professional Catalogue, we feature a separate tab with the Spring Summer Season on 10 pages of exciting spring and summer designs. Our new products are depicted as a small overview. Enjoy them!

# Napkins

Duni has napkins for any occasion and in a whole range of qualities that only Duni offers. Whether it's for an informal breakfast or a festive dinner, we can provide it. Every tone follows the latest trends and matches other Duni collections. The result? Your guests will want to come back again and again.

## Products in this range are FSC-certified

FSC is an independent, non-governmental, not for profit organisation established to promote the responsible management of the world's forests. FSC-certified forests are managed in a way that meets the social, economic and ecological needs of present and future generations. Nearly all products in our Napkin Range are FSC-certified.

Pontus Frithiof

*“Single-use napkins are the simple way to reduce handling costs.”*

# Tablecovers

The right tablecover is essential if your goal is to create an excellent atmosphere for your guests' eating experience while protecting your table. Regardless of where an eating and drinking event takes place, the way you cover your tables will make a big difference.

## Products in this range are FSC-certified

FSC is an independent, non-governmental, not for profit organisation established to promote the responsible management of the world's forests. FSC-certified forests are managed in a way that meets the social, economic and ecological needs of present and future generations. Nearly all products in our Tablecover range are FSC-certified.

## 1| Sensia®

Sensia®'s raised embroidery relief creates a premium, three-dimensional effect. Sensia® allows you to have both premium quality and stylish convenience.

**Page 95**

1

## 2| Dunicel®

A unique tissue-based material for a linen-like style. Ideal for covering all types of tables. Banquet Reels/Skirtings **Pages 86–88, 90**  
Tablecovers/Slipcovers **Pages 90, 92–93**  
Tête-à-Tête **Pages 96–99**  
Tablerunners **Page 99**  
Placemats **Pages 100–102**

2

## 3| Dunisilk®+

A non-woven material with a water-resistant surface coating. It is thick, sturdy and wipeable.

Banquet Reels **Page 89**

Slipcovers **Page 94**

Tête-à-Tête **Page 97**

3

## 4| Essential

An alternative to paper or Dunicel® to make your tables look clean, fresh and perfect.

**Page 91**

4

## 5| Dunitex®

Premium cotton tablecloths with an acrylic coating – ideal for outdoors. Very easy to handle: it's wipeable and washable.

**Page 94**

5

## 6| Paper

An excellent choice for big events. Superior quality.

Duni Duetto® **Pages 104–105**

Reels **Page 91**

Placemats **Pages 102–103**

# Candles

Nothing compares to the atmosphere created by the warm glow and calming effect of candles on a table. And anyone in the restaurant, bar or catering business knows that good atmosphere is what brings guests in and keeps them. Duni offers a whole range of candle types and qualities along with perfectly matching accessories, such as candleholders.

Kasper Stuart

*“Candles are a perfect tool for setting the mood. I change candles depending on season and event, so we can offer our guests the perfect atmosphere.”*

Kasper Stuart  
Appelmans, Antwerp, Belgium  
Member of the Duni Advisory Board

## About our Candles

Whether your taste tends to be more classical or contemporary, it's easy to create a style that's exactly right for your table with Duni candles! In our candle range, you will find simple, beautiful and timeless things best designed to suit your table. Duni has a long tradition in working with many different high quality candles. Candles make the difference between a nicely decorated table and one that glows with warmth and draws people to it like a magnet!

More candle inspiration?

– Please visit [Duni.com](http://Duni.com)

### What does the RAL Quality Mark mean?

The RAL Quality Mark is the visible sign of quality-proven candles and guarantees the following benefits:

- The candle burns as long as stated on the package.
- Minimized smoking and soot of candles and therefore, minimized contamination of the room air.
- Only high-quality wicks, free of impurities, are used in production.
- The manufacturers are obliged to use neither contaminated raw materials nor hazardous candle colours or lacquer.
- Candles consistently retain their shape, measurements, and wick properties.
- Safe and reliable when used according to instructions.

### How to handle your candle

Candles are ideal creators of atmosphere, but they also demand respect. So please have a look at our symbols to learn the basics on how to “handle a candle”.

#### A few points concerning safety and quality:

Keep a safe distance from flammable materials.

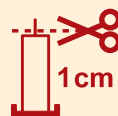

Always use a candleholder or plate.

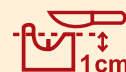

The distance between burning candles should be 10 cm.

Never place candles in a draught.

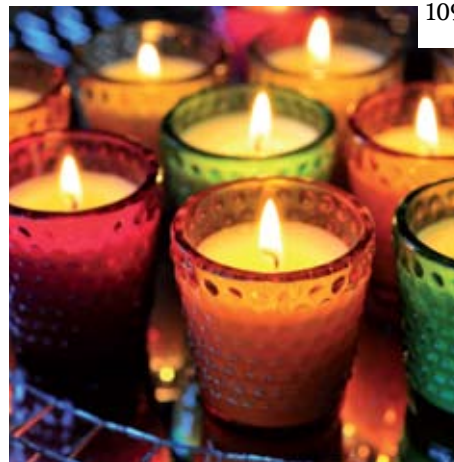

Make sure to trim the wick.

Don't forget to cut the rim after it's burnt down a ways.

All the little things that make you look good.

**Pages 136–137**

6

## 7| Octaview® Boxes

High performance, attractive food containers. For hot or cold use.

**Pages 138–141**

7

# What quality do you need for the occasion?

As always, Duni has a large variety of choices of products to make your operation run smoothly and efficiently. Depending on the event, you will need different levels of quality and different properties for different occasions. We ask you please to familiarise yourself with our labelling system depicted on these pages.

## Duni Materials

Here is a quick view of the high-quality, highly functional materials we use in our Eating & Drinking range.

### (PS) Polystyrene -4°C to +80°C

Duni's most frequently used plastic. This clear or coloured stiff plastic has a flawless finish that makes it the number one choice for food and drink presentation.

### (EPS) Expandable polystyrene -4°C to +80°C

EPS is essentially air-filled polystyrene for additional lightness. It's a soft, white plastic with insulating properties making it ideal for more low-price outlets that serve hot and cold drinks.

### (CPLA) Crystallized Polylactid acid 0°C to +80°C

CPLA is a bio-polymer made of natural and renewable resources, such as cornstarch. Unlike many other biopolymers, CPLA is heat resistant up to 80 degrees, making it excellent for hot cup lids and cutlery. Depending on the thickness of the product, CPLA products may also be compostable, for example the hot cup lids.

### (PLA) Polylactic acid 0°C to +40°C

Duni cold drink cups and lids and some of our Duni ecoecho™ range salad bowls, deli food containers and dressing cups are manufactured using PLA (polylactide), a plastic made using 100% renewable materials, such as cornstarch. PLA is crystal clear and presents fresh food in its very best light.

### (PC) Polycarbonate -30°C to +120°C

Shatter Proof and dishwasher up to 2500 times, Polycarbonate is Duni's hardest plastic. It's ideal for environments where broken glass is normally a hazard, e.g. pool and spa areas, beachfront bars etc. And it will outlive most glasses making it economical too.

### (PBS) Polybutylene succinate 0°C to +90°C

One of the most advanced biopolymers. It has superior barrier and properties like normal plastics, but it is compostable.

## Quality

When you choose Duni, you are choosing high-quality products. To make it easier for you to decide what quality best meets your needs, we have placed our products into 3 quality categories using the star system (see below). Look for the quality level tag to guide you through the assortment.

When only the best will do. Durable and beautiful.

The fine balance between good looks and good value for money.

The big winner when it comes to large events and price is an important factor.

## Our symbols

These symbols will provide you with an instant idea as to the products' practical benefits.

Product will not shatter and is safe to use in any environment.

Product can be heated in a microwave oven.

Product provides excellent insulation, keeping drinks hot or cold longer.

Product can be washed safely in a dishwasher.

## Meeting today's challenges with tomorrow's solutions.

*The challenges the world is currently facing with climate change and air, land and water pollution are not problems of some distant future, but they are here today and must be dealt with now. Natural resources are being used up more quickly than they can be replaced, so there is simply no more waiting around for answers. Therefore, to meet today's challenges, we must use the solutions of tomorrow. And that is the essence of the Duni ecoecho™ range.*

### Resource Efficiency

Raw materials that show clear resource efficiency compared to standard alternatives. Includes materials from recycled material and by-products that would otherwise have been regarded as waste, as well as low-processed filler material such as chalk.

### Renewable

Raw materials that are from the bio-sphere: wood or plant material. Renewable materials are part of the biomass CO<sub>2</sub> cycle and do not contribute to global warming, as opposed to fossil-based carbon materials such as mineral oil.

### Compostable

Materials that have been shown to biodegrade in industrial composting facilities under the standard EN 13432. To take full advantage of this characteristic, the end-products need to be sorted with other bio-waste (food) for industrial composting, which is accepted in some areas. The local waste regulations need to be followed or agreements made with local waste handlers.

**Duni.com** 

### Reducing our CO<sub>2</sub> footprint

In our Duni ecoecho™ range for serving and meal solutions products, we use the best materials available with the goal of limiting the use of non-renewable resources to reduce our CO<sub>2</sub> footprint. As a result, we utilise and continue to seek innovative materials that have one or more sustainable feature such as being renewable, recycled or compostable.

### Plants instead of plastics

Duni ecoecho™ is available in our serving and meal solutions range. Products like glasses and coffee cups are manufactured using PLA, a plastic made of cornstarch, which is compostable in industrial facilities. PLA is clear and presents fresh food in its best light. Duni fibre plates are made of surplus fibres of sugarcane.

## Environmentally improved – what does it mean?

The ecoecho line is about offering products that have been developed with the environment in mind and that have been chosen for having one or more environmentally improved characteristics. These can be focused on different environmental aspects and parts of the product's life cycle, which we describe here.

In our ecoecho™ range, we use the most innovative materials available with the goal of reducing our CO<sub>2</sub> footprint. You will find all of our ecoecho™ products here on this page.

## Octaview®: Cold Use

For salads and other cold foods, this range provides many ideal solutions. The black bottom section of the box enhances the look of your food and above; the clear lid optimally displays your food so people will be more tempted to buy it. It has a hinged lid to make filling easy and is secure leak resistant. Selected boxes in this range come equipped with a dressing glass that remains securely in place when the lid is shut, allowing the consumer to dress his salad right before eating it.

# Octaview®: Cold Use

- Convenient one-piece design with tear away function on selected boxes
- Secure and functional stacking
- Anti-fog feature on selected boxes

Material: PS -4°C to +70°C and hot fill, max 120 min\*
